

## Task# 1 - Spoonful

You must work as a team to move all of the legos from one bowl to the other. You may not touch the legos with your hands and may ONLY use a spoon. When all of the Legos are in the bowl you may read your next clue!

Grab a spoon and Go!

## Task #2 – Hidden Legos

There are 8 large legos hidden around the yard. Your task is to work as a team to find all 8. When you have you found them all you may read your next clue!

Go find them!

## Task #3 – Lego Toss

You must each toss a Lego through the hole in the board. When everyone has been successful you may read your next clue.

Line up, grab a lego and go!

## Task #4 – Lego Tower

Use the legos to build a giant tower. Work as a team and you can read your next clue!

Get building!

## Task #5 – Pin the Head on the Lego Man

Pin the head on the Lego Man while being blindfolded.

When everyone has had a turn you may read the next clue.

Spin away and good luck pinning!

## Task #6 – How Many Legos

Guess how many legos there are in this jar. The closest one to getting the correct answer gets the jar of legos and you all will get another clue!

Look and see how many you think!

## NEED:

Task 1- 1 bowl of legos, 1 empty bowl, spoons - space bowls a distance apart

Task 2 - 8 large legos - hide

Task 3 - Board with hole in it (we used a cornhole board - you could also use a large bowl/tub), bowl of legos

Task 4 - Bowl of 20ish legos per group (we did this in pairs)

Task 5 - Lego man pic (adapted from Fanshare.com), copies of lego man heads (A Typical English Home blog), tape, blindfold

Task 6 - Jar of legos with "How many Legos" on lid, paper and pens to write guesses
